

# MRS - direct recycling *closed loop recycling*

System

## Hopper

Blending of granulate with virgin material

**MM**

Regrind

Overload-signal

**Dryer**

## MRS-grinder M50/80

Slow running granulator

Different possibilities of feeding various sprues

Less dust size reduction and high value regrind that is not thermally degraded

## Control box

24 V

Adjustable mixing ratio of virgin and regrind material

Lamp

# MRS - direct recycling *closed loop recycling*

Flexible design

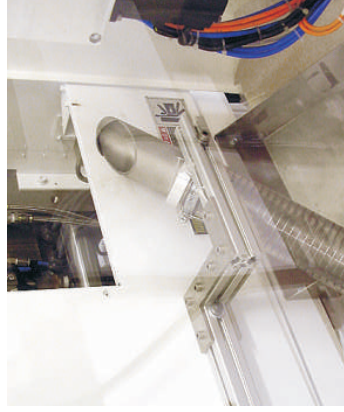

**Blending**  
Adjustable  
blending of  
granulate  
with virgin  
material

## Feeding the sprues

Individual  
realization

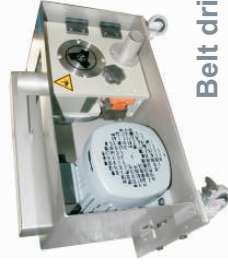

## MRS Versions

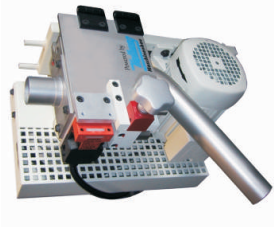

For different applicaion

Gear drive

Belt drive

Vertical

Horizontal
